THE ART OF GIVING

A gift well chosen accomplishes two things. It brings joy to the person receiving it and speaks favourably of you, the giver.

RIBBON

EVERYDAY

WEDDING

HOLIDAY

There is a reflective pleasure to gift giving. And a gift of NovaScotian Crystal ensures a beautiful reflection.

From our seasoned, intuitive service, to the little extras we put in the box, to the box itself, we work fervently to create a wonderful experience for both the giver and receiver of our crystal.

FREE GIFT WRAPPING Just let us know, and we'd be happy to gift wrap your purchase and provide a card with a personalized inscription. Choose from any of the four wrapping options shown. You may notice that one option is simply our box with a ribbon. We thought, hey, it's a really nice box, why cover it up.

THE LITTLE EXTRAS With each gift we include some little extras to enhance the enjoyment of your crystal. An informative **Introduction Booklet**, which tells the story of our crystal and outlines simple ways to clean, care for and increase its life and beauty. Our **Pattern Cards** tell the story of what inspired the various patterns we use to cut our crystal. Each piece also comes with a **Crystal Clear Guarantee** card. Simply completing and returning this card activates your 12-month warranty against breakage as outlined on our services page.

Our **Stemware Booklet** accompanies every wine glass. It describes how the size and shape of the glasses deliver the taste and aroma of various wines.

Purchase a **Single Malt Scotch** glass and we'll send a booklet bragging about how we came up with the best glass in the world to sip scotch from. And its perfect companion piece, the Water Thimble.

Choose a vase and we'll include two packets of **Floralife** flower food.

The **Firelight & Crystal** booklet comes with any purchase of candleholders, votives and candle lamps, and provides advice on keeping your pieces sparkling with light.

GIFT CARDS The one product we don't make by hand, a perfect choice for the choosey. Also a great way to help someone start a crystal collection or enable an existing collector to pick his or her next piece.

GIFT REGISTRY Whether you're the lucky registrant or the generous giver, our Gift Registry makes giving (and receiving) easy. And whatever the occasion, from weddings to anniversaries, we offer the attention and service your special occasion deserves. Learn more about our Gift Registry on p37.

Shipping is 100% guaranteed by NovaScotian Crystal. All prices quoted in Canadian Dollars.

"...an elegant solution for those who love the heft and solidity of cut crystal glassware, but also require a wine glass that fully reveals the qualities of fine wine... their classic tapered bowl shapes pleasingly enhance the lustre of the wine and permit the aromatic qualities to be generously expressed."

Sean Wood, *Wine writer & consultant*
Weekly wine columnist for the Halifax Herald

In 2008, with a lot of pride and a hint of modesty, we introduced our very first clear stemware. Designed for making the most of red wines, this single glass was quite an accomplishment in our books — in a way, it was something that took us the better part of a decade to create.

And, rather than going another decade, we thought we'd start working right away on its equal for white wine. Now, we are once again very proud to introduce a new clear stem.

A smaller, narrower bowl is designed to extract the most out of your favourite white wine — perfectly proportioned to channel the aromas for the best possible nose, and created to flow the wine to the appropriate areas of your tongue in order to taste every nuance.

To be Clear The crafting of clear crystal may seem no different, perhaps even easier, than producing our cut stemware. Not so.

Creating clear, mouth-blown crystal is an exacting process in a craft that is already highly demanding.

There is only a brief window at the beginning of the production shift, when the temperature and viscosity of the crystal is capable of producing the thinner walls needed to create the bowls of clear stemware.

And since blowing a thinner bowl requires the deft touch of a long-time master, it is a job reserved for our most seasoned craftsmen.

As to creating a piece that is clear, yet maintains our signature star cut on the foot, that's even more challenging. To our knowledge, we are the only crystal maker to accomplish the feat.

Stemware of bewitching
BOUQUETS

NovaScotian Crystal stemware. There is no finer expression of our pursuit of the perfect glass. Each and every stem is mouth-blown, shaped, moulded, cut and polished by hand. A supreme challenge calling on a team of eight craftsmen and more than five decades of experience.

Keep in mind your favorite kind of wine as you peruse this selection of superior stemware. Each style is designed to extract the optimum in flavour and bouquet from a particular wine: the large bowl of the Burgundy and Bordeaux to enhance the flavour of complex reds; the tall and slender flute to emphasize the grape's varietal. *Except for Clear Stems, glasses shown are available in all 6 of our collectible suites. See p21-33.*

Bordeaux 8.5"h
Citadel W-0650-0100 **$89**

The large bowl maximizes the experience of Cabernet Sauvignon, Merlot, Shiraz and other wines high in tannin. Whites that perform well are Bordeaux, Sauvignon Blanc, Fumé Blanc and Pinot Blanc. Because it handles a wide range, it's the best to give as a gift or to start a collection.

Burgundy 7.75"h
Annapolis W-0630-0202 **$89**

Created for wines that are higher in acidity with moderate tannin, the large bowl shape maximizes their fruit flavours, and increases the aromatics of the wine. Works best with Pinot Grigio, Chianti Classico, Zinfandels as well as both red and white Burgundies.

Large Flute 8.75"h
Margaree W-0680-0101 **$89**

The perfect home for champagne and sparkling wines as it allows the aromas to be enjoyed – and keeps the bubbles in the glass instead of your nose. This elegant stemware will also bring more enjoyment to Rieslings as well as other white wines.

Clear Stem, White 9.5"h
White W-0655-0000 **$250/pr.**
Clear Stem, Red 10"h
W-0635-0000 **$250/pr.**

Our Clear Stems are lightweight, and still have a satisfying heft. The elegant shapes and clear bowls are designed for the pure enjoyment of your favourite red and white wines.

Port Glass 7.13"h
Windsor W-0645-0303 **$78**

The shape of the bowl flatters the rich range of colours in port. The combination of the bowl shape and size of opening suppress the alcohol in this fortified wine, letting the aroma and flavour of the fruit take centre stage.

Icewine 8.75"h
Titanic W-0695-1912 **$89**

The tulip-shaped bowl allows an exaggerated swirl, important to release the exotic aromas of icewine. The generous bowl provides an ideal ratio of wine to air preventing aromas from being diluted, while the narrow opening concentrates the bouquet.

Spirited

CELEBRATION

Whether it is a workday lager or Sunday brunch, our crystal raises the bar on any spirited occasion. An elixir for the eyes and intoxicating to hold, there is good reason that barware is our most popular offering. *Available in all 6 of our collectible suites. See p21-33.*

Single Malt Scotch 4.75"h
Luna W-0690-0708 **$89**

Our Single Malt Scotch glasses are designed to enhance the already divine. A wide bowl lets the aroma escape, a narrow neck channels the bouquet and a flared tip directs the precious liquid to just the right place on the tongue.

Martini 7"h
Argyle W-0670-1920 **$145**

Be it vodka, gin or even sorbet, it's fortunate our Martini Glass is beautiful on its own, since its contents seem to disappear rather quickly.

Spirit Decanter 4"w x 10.5"h
Citadel W-0183-0100 **$323**

Our Decanter is the perfect anchor to your existing barware collection – or an excellent place to start one.

Stemmed Water Glass 6"h
Titanic W-0610-1912 **$89**

Although water is refreshing and good for you, we couldn't be more pleased that our Stemmed Water Glass has become a favourite vessel for beer lovers.

Brandy Snifter 5.75"h
Luna W-0600-0708 **$98**

Juice Glass 4.5"h
Margaree W-0210-0101 **$78**
One of the world's most popular juices results from the fermenting of grapes. That's why it made perfect sense when we heard many people use our Juice Glass as a stemless wine glass. Cheers!

Beer Tankard 6"h
Citadel W-0260-0100 **$98**

It's hard to improve on the simple pleasure of sipping your favourite beer at the end of a long day. But beautiful Tankard manages to do just that.

Pilsner 8.75"h
Annapolis W-0270-0202 **$89**

Sit back and watch the beautiful golden cascade of a cold Boddington's — almost too lovely to drink. Well...

Highball 6"h
Citadel (left) W-0230-0100 **$78**
Windsor (right) W-0235-0303 **$78**

Originally designed to accommodate mixed drinks that called for a lot of ice, the Highball glass fast became a favoured vessel for most any whistle wetter.

Shot Glass (left) 2.75"h
Citadel W-0245-0100 **$45**

Water Thimble (right) 3"h
Margaree W-0692-0101 **$45**

In Scotland, it's said you can spot a tourist in someone who doesn't cut their whisky with a small splash of water. Our tiny, perfect Water Thimble makes sure the splash is just the right size of small.

A LITTLE HEART
goes a long way

There comes a time in everyone's life when they could use a little support. For some, it just happens to come a little early in life.

We have for some time now tried in the best way we know how to help provide the support some children need when illness strikes. Over the past few years, purchases of our popular Wish Bowl have helped us to contribute over $40,000 to date, in support of the Children's Wish Foundation.

And now, we are very proud to add another piece to our charitable collection—the Ronald McDonald House® Candleholder. Through our customers' purchases, together we will help Ronald McDonald House® provide a place of support and nurturing not just for the children in need, but for their families as well.

This beautiful candleholder embodies in its candle the ever-rising spirit of these children, and symbolizes in its pattern their life's journey, the shelter and nurturing provided by Ronald McDonald House®, and the continuation of that journey beyond its doors.

It is particularly beautiful when it illuminates a darkened room. Just light a candle, and watch as a child's spirit dances on the walls all around you.

Families are stronger when they are together. Ronald McDonald House® is bringing help and hope to families with sick children by providing a place for them to stay during their child's treatment. It's a place where kids can have fun and share experiences with others who are just like them. Ronald McDonald House® is also a place for parents to find support from other parents who are going through similar situations.

Ronald McDonald House Candleholder 4"w x 7.5"h
W-1000-0159 **$123**

$35 from every purchase will be donated to Ronald McDonald Houses in Canada®.

A dance of

ILLUMINATION

Perhaps it's because it is born of fire that our crystal mingles so magnificently with light. Whatever the reason, it is clear that light and crystal bring out the best in each other.

Most often we use lighting to illuminate something we wish to see. With our radiant candleholders and lamps you may find yourself simply gazing at the fixtures themselves.

WORTH COLLECTING:

OUR SUITES

Understandably, we've attracted a number of dedicated collectors. For these true aficionados of our craft, we present our patterns in their full suites. If you're a collector, or interested in becoming one, call us or visit our website to register.

ANNAPOLIS

Nova Scotia's Annapolis Valley is home to lush fields and bountiful orchards. It is a place of evolving life, of growth. A perfect display of our harmony with nature. The curved lines of our 'Annapolis' pattern capture the organic grace of the place and bring life to the crystal itself. A delicate dance is performed between the natural elements of handmade crystal and the natural elements of Nova Scotia's valley of gardens.

CITADEL

First built by the British in 1749, the Halifax Citadel stands guard over the city and harbour from a hilltop vantage. Although never attacked itself, it was an important staging point for troops going overseas in both World Wars. For many soldiers, it was the last landmark they saw leaving home and the first familiar sight on their return. The straight, strong cuts of our 'Citadel' pattern reflect this proud military heritage.

LUNA

In Roman Mythology, Luna is the Goddess of the Moon — a symbol of balance, a mysterious, feminine counterpoint to the sun. Steeped with the power to command the ocean's movement, imbued with the subtlety to elicit tiny shivers while standing alone with her on a quiet evening. Our pattern evokes Luna in her most opulent form, when she exhibits her strongest magnetism and her deepest reflective tendencies.

MARGAREE

The Margaree River is one of Nova Scotia's legendary salmon streams and recognized as a Canadian Heritage River. It flows from Lake Ainslie in the Cape Breton Highlands, through fertile farmland and maple forests to the Gulf of St. Lawrence. In our 'Margaree' pattern, our cutters were inspired by the curvaceous river valley and the straight, staunch trunks of the splendid maples. This marriage of curved and straight lines has made the 'Margaree' one of our most popular patterns.

TITANIC

Halifax is closely linked to the story of the Titanic. During its short life, the mighty vessel embodied the elegance of the Empire style. Our 'Titanic' pattern was inspired by the actual light fixtures in the liner's First Class cabins. When the light hits these beautiful diamond-shaped cuts, it dances across the table, whether the setting is a formal dinner, or an intimate prelude to a quiet evening at home.

WINDSOR

In the mid to late 1800's, the town of Windsor, Nova Scotia thrived as a centre for shipbuilding. That era can still be felt in the elegant Victorian architecture throughout the town – and in this beautiful pattern. Three upright cuts alternate with a series of arches that harken back to the hulls of barques, brigantines and schooners that once plied the waters to and from this quaint provincial town.

Life is generous. It gives many opportunities for a Gift Registry.

Our Gift Registry You know, it's not just for weddings. In fact, we have many customers who have used our Registry when they were celebrating milestones in their lives — like a notable anniversary, or their retirement. We even have a few customers that have an ongoing registry for all their upcoming gift occasions, from Christmas to Mother's Day, so when the time comes friends and family can help them build their collection.

And whether you're the lucky registrant or the generous giver, our Gift Registry makes it easy. Whatever the occasion, from weddings to anniversaries, we offer the attention and service your special occasion deserves.

Some of the little extras you get as a registrant. If you'd like, we'll provide an elegant set of cards that notify people you are registered with us and can be included with an invitation to your celebration or event. People are then free to call, drop in or shop online from the Registry. We can also help you select gifts of gratitude you may want to give to those helping you celebrate, attendants at a wedding, for instance, or the hosts of a retirement party.

Your gifts can be shipped to you or your guests at the time of purchase, or, if you'd rather, we'll send you everything in a single shipment in time for the big day. And of course, gifts can be sent unwrapped, or wrapped in one of our beautiful wrapping options as requested (see p6).

Our Gift to You. Twelve months following registration, we'll give you a gift certificate worth 10% of the value of the purchases made on the Registry. It's our way of celebrating with you.

Shipping is 100% guaranteed by NovaScotian Crystal. All prices quoted in Canadian Dollars.

CORPORATE SERVICES

Every gift has two messages. To the recipient, a gift of NovaScotian Crystal says they are special. As the giver, it speaks of your integrity. (Not to mention, your exceedingly good taste). Working with our experienced Corporate Services team, you can be assured that whatever the event, you'll have something truly elegant to capture your intent.

SHIPPING INFO

Thank you for such amazing service! I ordered a piece of crystal on Monday, June 15th and it was delivered to California today!

Claire Smith, Wednesday June 17th

CHANGES FOR 2009

We have made some changes this year in an effort to ensure even better delivery service and reliability when shipping orders. Overall, a new pricing structure provides different levels to suit your needs.

Additionally, in **Canada** we are now able to provide safe ground shipping via Purolator to our Canadian customers, so if you have a few days, we can offer a less expensive way of getting our crystal into your hands — all in one piece.

And in the **United States**, our carrier is now UPS, so while air shipping is still the only option, the process will now be a little more seamless for customers south of the border.

PUT YOUR MARK ON IT

Use our personalization service to add an individual touch of distinction to your crystal. We can sand-etch just about anything on most of our crystal pieces – from names or initials to dates and monograms. In fact, we've even etched images of a goldfish, a tiger lily, an ice cream, and a pair of old high-top sneakers.

We have a selection of typefaces available to choose from (a few of the most popular are below) or we can reproduce just about any artwork provided in digital or paper form. As you might expect, there are some limitations to what is possible. Just let us know what you're after and we'll do everything we can to find a solution for you.
